

Back on Track 2024 Annual PREA Report

Back on Track (formerly Gateway Rehab Corrections Division and Community Transition Centers) remains PREA compliant. Our Braddock and Erie Centers have ZERO tolerance for sexual misconduct and are committed to providing a safe and secure environment. All sexual misconduct regardless of consensual status is prohibited and subject to disciplinary action and possible criminal prosecution. Efforts are being made on a continual basis to upgrade monitoring, staff & resident education, signage, & incident reporting & follow-up. BOT encourages all residents, employees, visitors, volunteers, student interns and contractors who suspect, or witness sexual misconduct to make report. Our goal for the upcoming year is to continue this process & prepare for the next cycle of audits.
